

Thriftway Super Stops Physical and Mental Requirements Duties and Responsibilities

Cashier

Come join our winning team as a valued Cashier. The role of the Cashier is vital to the success of our entire Thriftway TEAM. Thriftway's operating standards are higher than the average convenience store, and with that come a multitude of tasks in order to ensure the maintenance of these standards. A typical shift in the life of a Thriftway Cashier might include any or all of the following responsibilities and requirements:

Physical and mental requirements include:

1. Have sufficient visual and hearing ability to assist customers
2. Be able to perform arithmetic calculations to make change, and complete shift accounting reports
3. Be able to lift up to 45lbs in order to move product
4. Be able to work in a standing position for entire shift, as well as, bending, twisting, and stooping
5. Be able to sweep, mop floors, dust, clean, and stock shelves, and carry trash to the dumpster
6. Be able to tolerate cooler temperatures of 34 to 38 degrees for up to an hour of continuous stocking
7. Be able to climb a ladder safely to replace light bulbs, or wash windows and walls
8. Be able to tolerate petroleum fumes for short periods of time, and can use various cleaning products

Duties and responsibilities include:

1. General Management
 - a. Provides prompt & courteous service to all customers
 - b. Assists in maintaining a store appearance of the highest quality
 - c. Adheres to all city, county, state, and federal laws and regulations
 - d. Follows all company guidelines, policies & procedures
 - e. Informs Store Manager of all sales, cash, inventory, or operational problems
 - f. Adheres to work schedule as posted, and properly uses time clock
 - g. Cooperates with, and respects Store Manager, and fellow cashiers
2. Bookkeeping/Accounting
 - a. Scans and/or rings all sales in accordance with the Employee Handbook
 - b. Accurately completes shift report, and any other assigned reports
 - c. Informs Store Manager of any unusual cash or petroleum discrepancies for investigative purposes
3. Security
 - a. Advises the Store Manager of any personnel problems, and/or policy violations
 - b. Shares in the responsibility of controlling inventory & cash losses in the store
 - c. Follows all company cash handling policies/procedures
